- Lead and Mercury Free
- Extends Life of Timber
- Minimizes Weathering Damages
- Fungus and Algae Resistant
- Gloss Finish

No more wall problems and protect your walls with our FELTEC® 1200 Wall Sealer.

Alkali Attack

Caused by presence of lime and water in masonry. Lime has high alkalinity, which in turn causes colour loss of paint.

Peeling

Caused by poor paint adhesion, usually under the presence of moisture.

Fungus

Caused by build up of moisture and dampness allowing fungus and algae to grow.

Your Lifestyle Colours...
 from our latest collections.

Luxury Mid-Sheen Emulsion

Pure Sheen™ is a polyvinyl acrylic paint that gives a smooth silky finish to interior surfaces. It is highly durable and has excellent washability and stain resistance – making it a perfect choice for a brighter and luxurious living space.

Flat Matt Emulsion

Royale® is a functional matt emulsion paint formulated to help homeowners achieve cost efficiencies. It is an excellent choice for painting works where cost control is a concern and it is great for touch-ups! Ideal for interior use.

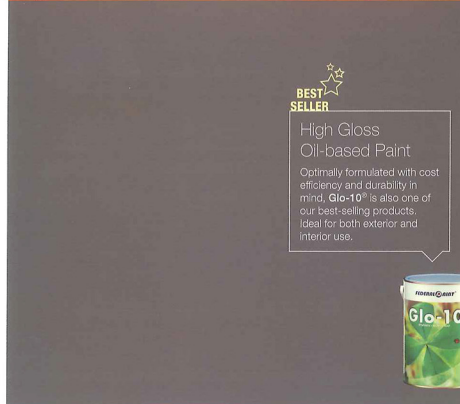

Premium Enamel Paint

Fedelux®, our No.1 Best Seller, is a premium oil-based paint with outstanding durability and a superb gloss finish. It gives a lasting, final coat to wood and metal surfaces. Ideal for both exterior and interior use.

Certified To MS 125:1995
Certification No. FP020301

High Gloss Oil-based Paint

Optimally formulated with cost efficiency and durability in mind, **Glo-10®** is also one of our best-selling products. Ideal for both exterior and interior use.

Premium Weather Resistant Paint

Acryshield® is a 100% acrylic emulsion paint specially formulated for tropical weather. It has excellent weathering properties in terms of adhesion, colour retention and high resistance against water, alkali, fungus and algae growth. Ideal for both exterior and interior use.
